## Work Experience

### Ollopa Corporation

July 2025 – September 2025

Frontend Web Developer Intern

Quezon City

- Developed and maintained responsive web interfaces using React.js, ensuring performance, accessibility, and clean code practices.
- Collaborated with the development team using GitHub for version control and project management.
- Contributed to UI/UX design using Figma, helping conceptualize and prototype the website from scratch.

### LexMeet, Inc.

July 2024 – September 2024

Frontend Web Developer Intern

Pasig, Metro Manila

- Collaborated with a cross-functional team to design and develop the company's official website using React.js.
- Implemented responsive UI components and ensured consistent branding across all pages.
- Utilized Git for version control and participated in code reviews to maintain clean and scalable code.

## Education

### Polytechnic University of the Philippines

October 2022 –

Bachelor of Science in Computer Engineering specializing in Big Data Analytics

September 2026

**Bachelor's Thesis:** Affective Intelligence Feedback Monitoring System (AIFMS):  
Evaluating Customer Experience through Affective Computing with Data Analytics

Sta. Mesa, Manila

- Developed a Raspberry Pi-based emotion recognition kiosk using Python, OpenCV, and CNNs.
- Built a web-based analytics dashboard using Flask, HTML/CSS/JavaScript, and MySQL.
- Performed model evaluation and system testing using machine learning performance metrics and usability frameworks.

## Key Proficiencies

**Programming & Web Development:** Python, SQL, HTML, CSS, and JavaScript

**Frameworks & Libraries:** React, Pandas, NumPy, Seaborn, Matplotlib

**Design & Prototyping:** Adobe Illustrator, Adobe Photoshop, Figma, and Canva

## Projects

**Design Project 1 & 2,** Affective Intelligence Feedback Monitoring System (May 2026)
